Customer Order Delivery Date

Version: 1.0
Date: 7th July, 2015

Contents

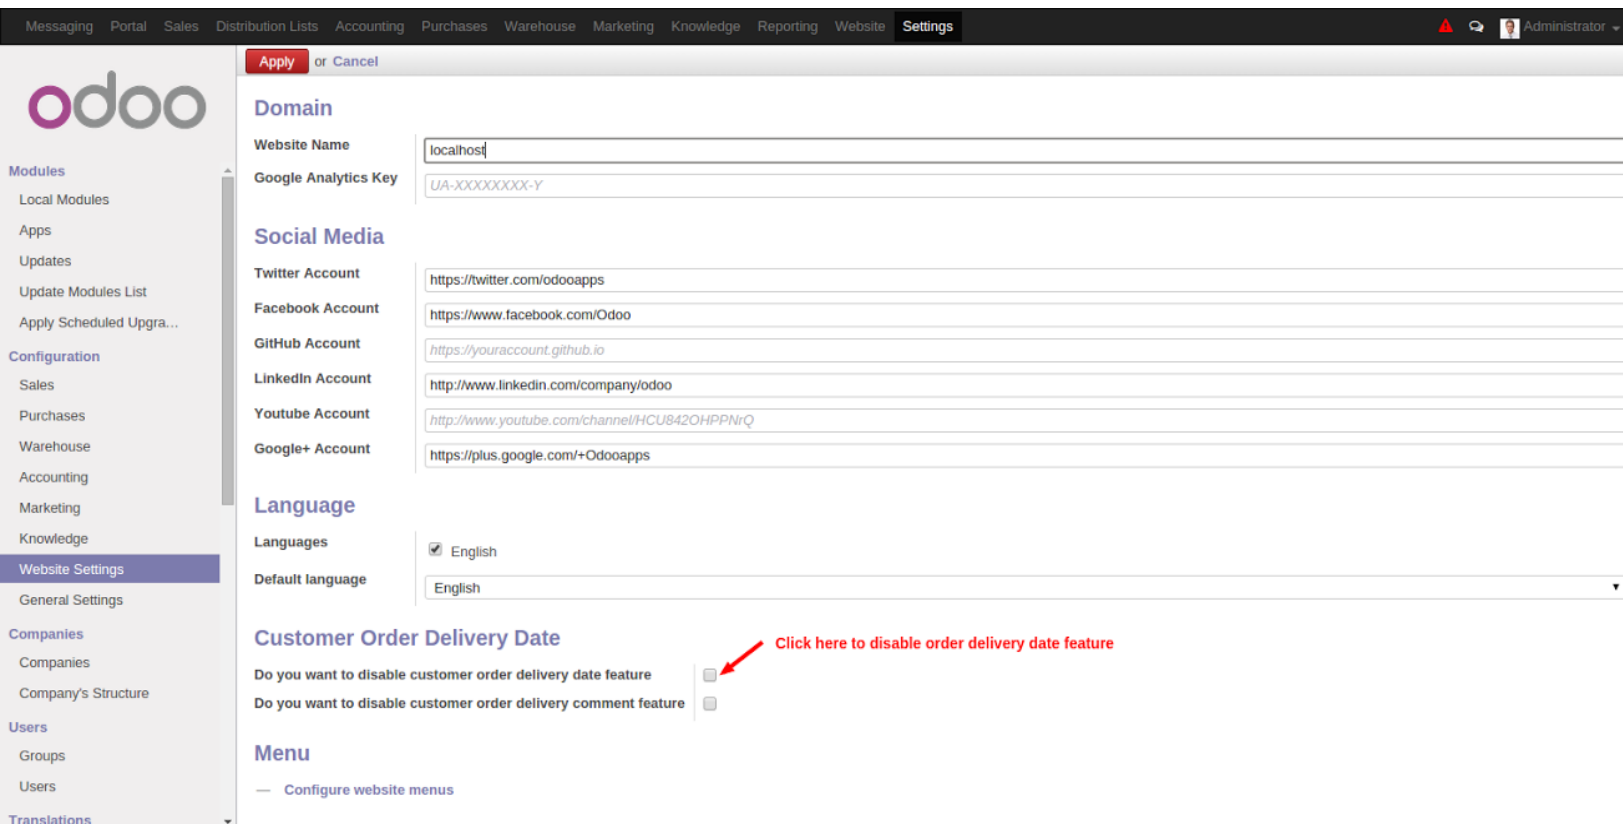

1. Introduction	3
2. Configuration Settings	3
3. Front-End View	5
4. Back-End View.....	7
5. Pricing.....	9

1. Introduction

- The Order Delivery Date app gives your customer the opportunity to select the date on which they want the delivery of the products purchased from your store.
- Customers can provide expected shipping arrival date.
- Customers can also leave comment while placing any order from store related to delivery.
- Previous date cannot be selected.
- Admin can see customer delivery date and comment related to order in sales order.

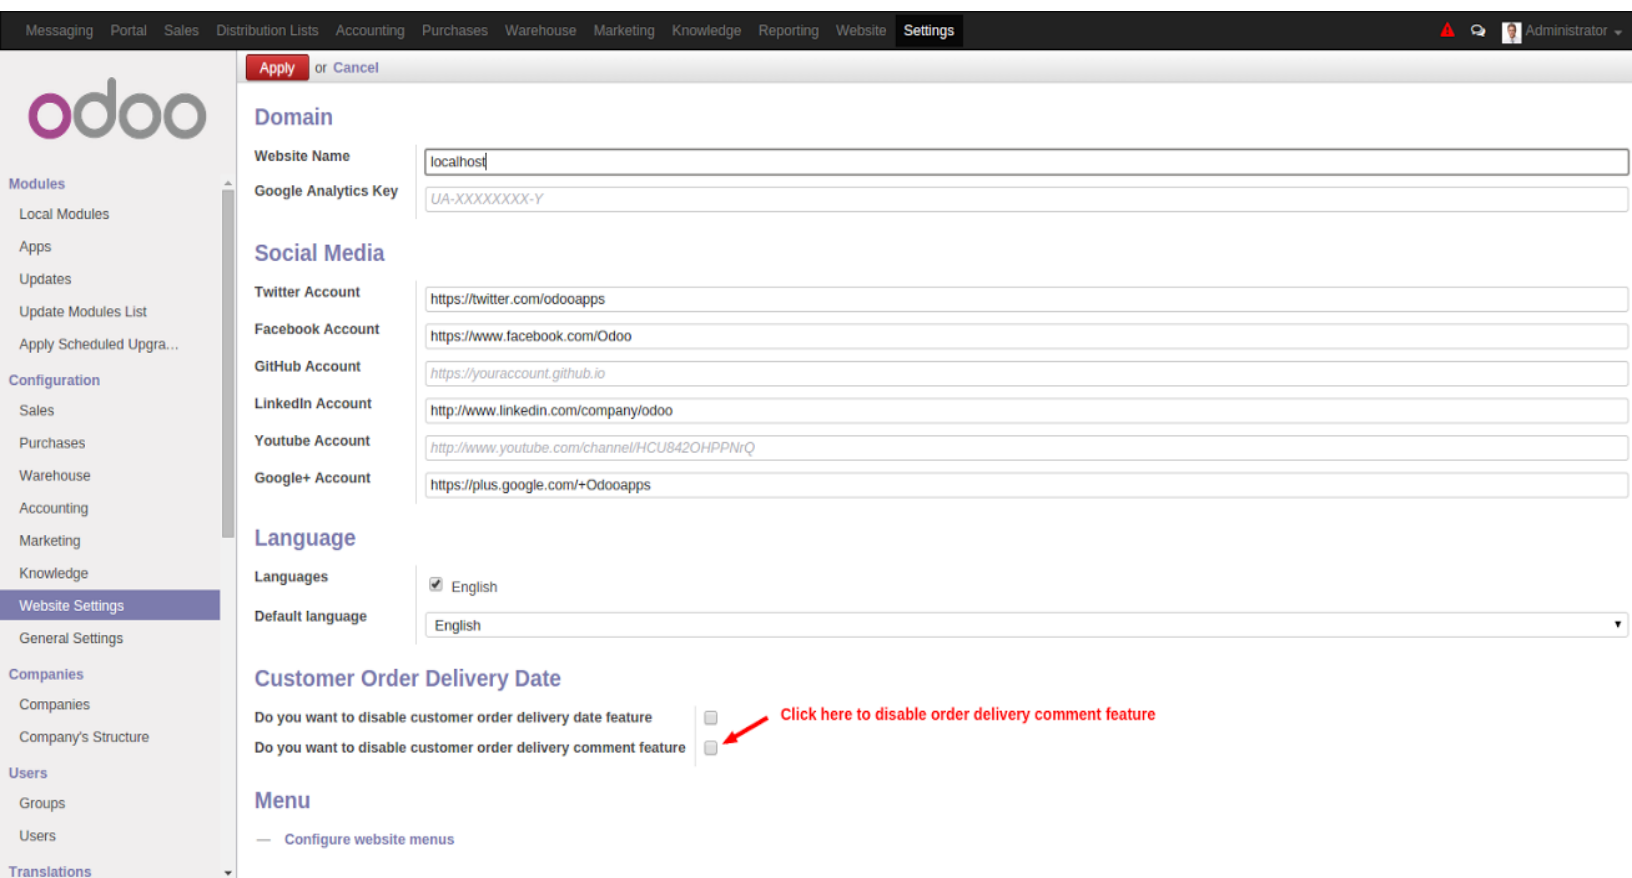

2. Configuration Settings

- Steps to disable Customer Order Delivery Date feature from admin:
 - Go to **Settings → Configuration → Website Settings**
 - In **Customer Order Delivery Date Section** set the checkbox “Do you want to disable customer order delivery date feature” to true.

The screenshot shows the Odoo Website Settings configuration page. The left sidebar contains a menu with categories: Modules, Configuration, Companies, Users, and Translations. Under Configuration, 'Website Settings' is selected. The main content area is divided into sections: Domain, Social Media, Language, and Customer Order Delivery Date. The 'Customer Order Delivery Date' section contains two checkboxes. The first checkbox, 'Do you want to disable customer order delivery date feature', is currently unchecked. A red arrow points to this checkbox with the text 'Click here to disable order delivery date feature'. The second checkbox, 'Do you want to disable customer order delivery comment feature', is also unchecked. The top of the page shows a navigation bar with various modules like Messaging, Portal, Sales, etc., and a user profile 'Administrator'.

- Steps to disable Customer Order Delivery Comment feature from admin:
- Go to **Settings → Configuration → Website Settings**
 - In **Customer Order Delivery Date Section** set the checkbox “Do you want to disable customer order delivery comment feature” to true.

The screenshot shows the Odoo Website Settings interface. The top navigation bar includes links for Messaging, Portal, Sales, Distribution Lists, Accounting, Purchases, Warehouse, Marketing, Knowledge, Reporting, Website, and Settings. The left sidebar lists various modules and configuration options, with 'Website Settings' selected. The main content area is divided into sections: Domain, Social Media, Language, Customer Order Delivery Date, and Menu. The 'Customer Order Delivery Date' section contains two checkboxes: 'Do you want to disable customer order delivery date feature' and 'Do you want to disable customer order delivery comment feature'. A red arrow points to the second checkbox, with a red text label 'Click here to disable order delivery comment feature'.
